

WATER PUMP

TECHNICAL FEATURES

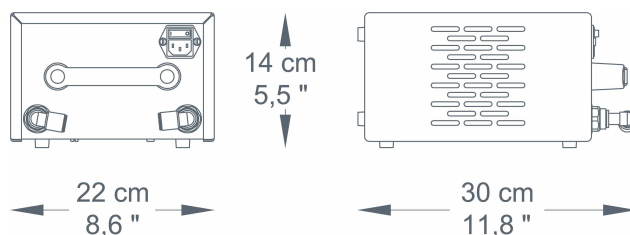

Tank capacity 20 L

Weight 4,5 Kg
9,9 Lbs

Pumping flow 5 L/min

Maximum pressure 3 bar

Voltage 230 V - 50 Hz
115 V - 60 Hz

The perfect solution for those users who wish to have the self-cleaning system but who do not have a water intake near the location of the machine.

The system is controlled from the 3.0 digital display as it is activated automatically when the self-wash cycle starts.

It is made of high-quality, durable and resistant materials that are NSF certified.

Filling the tank is very simple, it does not require dismantling the installation at all.
